## Reference Material & Standard

|                           |                                                   |                          |                                           |
|---------------------------|---------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | 2-(2H-Benzotriazol-2-yl)-6-dodecyl-4-methylphenol | <b>Catalogue Number:</b> | C1172167                                  |
| <b>Synonyms:</b>          | N/A                                               | <b>Lot Number:</b>       | 0829-SA-7490                              |
| <b>CAS Number:</b>        | 125304-04-3                                       | <b>Expiry Date:</b>      | Aug 28, 28                                |
| <b>Molecular Formula:</b> | C <sub>25</sub> H <sub>35</sub> N <sub>3</sub> O  | <b>Storage:</b>          | Room Temp Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 393.56                                            |                          |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results       |
|-----------------|-------------------|---------------|
| Appearance      | Visual inspection | Yellow Liquid |
| Identification: | LC&HNMR           | Confirmed     |
| Purity:         | HPLC              | 98.271%       |
| Uncertainty     |                   | ±2.0%         |

## Comment:

The uncertainty values are the expanded uncertainty and represent an estimated standard deviation equal to the positive square root of the total variation of the uncertainty of components. A normal distribution is assumed and a coverage factor of K=2 is chosen using approximately a 95% confidence level.

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
