

# Certificate of Analysis

## Reference Material & Standard

|                           |                                                                                     |                          |                                           |
|---------------------------|-------------------------------------------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | 2-(Benzo[d]thiazol-2-yl(methyl)amino)-1-(4-(pyridin-2-yl)piperazin-1-yl)ethan-1-one | <b>Catalogue Number:</b> | C1238369                                  |
| <b>Synonyms:</b>          | N/A                                                                                 | <b>Lot Number:</b>       | 1119-SA-7547                              |
| <b>CAS Number:</b>        | 1351602-40-8                                                                        | <b>Expiry Date:</b>      | Nov 18, 28                                |
| <b>Molecular Formula:</b> | C <sub>19</sub> H <sub>21</sub> N <sub>5</sub> OS                                   | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 367.47                                                                              |                          |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 97.788%   |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
