

# Certificate of Analysis

## Reference Material & Standard

|                    |                                                       |                   |                                           |
|--------------------|-------------------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | 2-(3-Azetidinyloxy)pyridine dihydrochloride           | Catalogue Number: | C1242220                                  |
| Synonyms:          | N/A                                                   | Lot Number:       | 1101-SA-7606                              |
| CAS Number:        | 1353631-65-8                                          | Expiry Date:      | Oct 31, 29                                |
| Molecular Formula: | C <sub>8</sub> H <sub>10</sub> N <sub>2</sub> O 2*HCl | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 150.18 2*36.46                                        |                   |                                           |

Warning:

HCl

Chemical Structure:

HCl

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.622%   |

## Directions:

1. *Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
2. *Minimum sample size: 1mg is recommended as the minimum sample size.*
3. *Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
4. *Instructions for handling and correct use: Handling in a well-ventilated place.*
