## Reference Material & Standard

|                    |                                                            |                   |                                           |
|--------------------|------------------------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | trans,trans-4'-Ethyl-4-(3,4,5-trifluorophenyl)bicyclohexyl | Catalogue Number: | C1272663                                  |
| Synonyms:          | N/A                                                        | Lot Number:       | 1007-SA-7035                              |
| CAS Number:        | 139215-80-8                                                | Expiry Date:      | Oct 06, 28                                |
| Molecular Formula: | C <sub>20</sub> H <sub>27</sub> F <sub>3</sub>             | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 324.42                                                     |                   |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.277%   |
| Uncertainty     |                   | ±2.0%     |

## Comment:

The uncertainty values are the expanded uncertainty and represent an estimated standard deviation equal to the positive square root of the total variation of the uncertainty of components. A normal distribution is assumed and a coverage factor of K=2 is chosen using approximately a 95% confidence level.

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
