

# Certificate of Analysis

## Reference Material & Standard

|                           |                                                                                  |                          |                                           |
|---------------------------|----------------------------------------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | (3-(((Tert-butoxycarbonyl)(cyclopropyl)amino)methyl)-5-fluorophenyl)boronic acid | <b>Catalogue Number:</b> | C1367795                                  |
| <b>Synonyms:</b>          | N/A                                                                              | <b>Lot Number:</b>       | 1124-SA-7494                              |
| <b>CAS Number:</b>        | 1704063-72-8                                                                     | <b>Expiry Date:</b>      | Nov 23, 29                                |
| <b>Molecular Formula:</b> | C <sub>15</sub> H <sub>21</sub> BFNO <sub>4</sub>                                | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 309.14                                                                           |                          |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.414%   |

## Directions:

1. *Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
2. *Minimum sample size: 1mg is recommended as the minimum sample size.*
3. *Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
4. *Instructions for handling and correct use: Handling in a well-ventilated place.*
