

# Certificate of Analysis

## Reference Material & Standard

|                    |                                           |                   |                                           |
|--------------------|-------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | (4-Iodobicyclo[2.2.1]Heptan-1-yl)methanol | Catalogue Number: | C1479863                                  |
| Synonyms:          | N/A                                       | Lot Number:       | 1105-SA-7989                              |
| CAS Number:        | 254737-95-6                               | Expiry Date:      | Nov 04, 28                                |
| Molecular Formula: | C <sub>8</sub> H <sub>13</sub> IO         | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 252.09                                    |                   |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 97.966%   |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
