

# Certificate of Analysis

## Reference Material & Standard

|                    |                                         |                   |                                           |
|--------------------|-----------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | 4-Bromo-2-((3-fluorobenzyl)oxy)pyridine | Catalogue Number: | C1714387                                  |
| Synonyms:          | N/A                                     | Lot Number:       | 0203-SA-7783                              |
| CAS Number:        | 2090456-46-3                            | Expiry Date:      | Feb 02, 29                                |
| Molecular Formula: | C <sub>12</sub> H <sub>9</sub> BrFNO    | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 282.11                                  |                   |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 97.147%   |

## Directions:

1. *Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
2. *Minimum sample size: 1mg is recommended as the minimum sample size.*
3. *Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
4. *Instructions for handling and correct use: Handling in a well-ventilated place.*
