

# Certificate of Analysis

## Reference Material & Standard

|                           |                                                      |                          |                                           |
|---------------------------|------------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | 4-Bromo-3-(3,4-dimethylphenyl)-2-fluoropropiophenone | <b>Catalogue Number:</b> | C1715343                                  |
| <b>Synonyms:</b>          | N/A                                                  | <b>Lot Number:</b>       | 0922-SA-7699                              |
| <b>CAS Number:</b>        | 898779-67-4                                          | <b>Expiry Date:</b>      | Sep 21, 28                                |
| <b>Molecular Formula:</b> | C <sub>17</sub> H <sub>16</sub> BrFO                 | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 335.21                                               |                          |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 96.833%   |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
