

# Certificate of Analysis

## Reference Material & Standard

|                           |                                                                                                           |                          |                                           |
|---------------------------|-----------------------------------------------------------------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | Butanedioic acid, 2-methylene-, polymer with N1-(2-aminoethyl)-1,2-ethanediamine and 6-aminohexanoic acid | <b>Catalogue Number:</b> | C1795942                                  |
| <b>Synonyms:</b>          | N/A                                                                                                       | <b>Lot Number:</b>       | 0901-SA-7681                              |
| <b>CAS Number:</b>        | 67939-73-5                                                                                                | <b>Expiry Date:</b>      | Aug 31, 27                                |
| <b>Molecular Formula:</b> | $C_6H_{13}NO_2$ $C_5H_6O_4$ $C_4H_{13}N_3$                                                                | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 131.17 130.10 103.17                                                                                      |                          |                                           |

**Warning:**

**Chemical Structure:**

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.555%   |

## Directions:

1. *Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
2. *Minimum sample size: 1mg is recommended as the minimum sample size.*
3. *Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
4. *Instructions for handling and correct use: Handling in a well-ventilated place.*
