

# Certificate of Analysis

## Reference Material & Standard

|                    |                                                      |                   |                                           |
|--------------------|------------------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | Proguanil Hydrochloride                              | Catalogue Number: | C1890496                                  |
| Synonyms:          | N/A                                                  | Lot Number:       | 1219-SA-7129                              |
| CAS Number:        | 637-32-1                                             | Expiry Date:      | Dec 18, 27                                |
| Molecular Formula: | C <sub>11</sub> H <sub>16</sub> ClN <sub>5</sub> HCl | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 253.73 36.46                                         |                   |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.230%   |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
