

# Certificate of Analysis

## Reference Material & Standard

|                    |                                                |                     |                                                                                      |
|--------------------|------------------------------------------------|---------------------|--------------------------------------------------------------------------------------|
| Product Name:      | 3,5-Bis(trifluoromethyl)bromobenzene           | Catalogue Number:   | C1916851                                                                             |
| Synonyms:          | N/A                                            | Lot Number:         | 0122-RH-0070                                                                         |
| CAS Number:        | 328-70-1                                       | Expiry Date:        | Jan 26, 2030                                                                         |
| Molecular Formula: | C <sub>8</sub> H <sub>3</sub> BrF <sub>6</sub> | Storage:            | 2°C ~ 8°C Protected from light and Sealed                                            |
| Molecular Weight:  | 293.00                                         | Shipping Condition: | Shipping at Room Temperature                                                         |
| Solubility:        | Acetonitrile                                   | Warning:            |  |

Chemical Structure:

| Test Items     | Method            | Results           |
|----------------|-------------------|-------------------|
| Appearance     | Visual inspection | Colourless Liquid |
| Identification | GCMS&HNMR         | Confirmed         |
| Purity         | HPLC              | 99.4%             |
| Assay          | qNMR              | 99.0%             |
