

# Certificate of Analysis

## Reference Material & Standard

|                           |                                                                                |                          |                                           |
|---------------------------|--------------------------------------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | 90989-93-8 [2-acetyloxy-3-[2-aminoethoxy(hydroxy)phosphoryl]oxypropyl] acetate | <b>Catalogue Number:</b> | C1928472                                  |
| <b>Synonyms:</b>          | N/A                                                                            | <b>Lot Number:</b>       | 0908-SA-7020                              |
| <b>CAS Number:</b>        | 90989-93-8                                                                     | <b>Expiry Date:</b>      | Sep 07, 29                                |
| <b>Molecular Formula:</b> | C <sub>9</sub> H <sub>18</sub> NO <sub>8</sub> P                               | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 299.21                                                                         |                          |                                           |

**Warning:**

**Chemical Structure:**

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 97.205%   |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
