## Reference Material & Standard

|                           |                                                                                                                                                               |                          |                                           |
|---------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | 6-([3,6-dihydro-2H-pyran-4-yl]-4-[5-(6-([5-methoxypyridin-2-yl)methyl]-3,6-diazabicyclo[3.1.1]heptan-3-yl)pyrazin-2-yl)pyrazolo[1,5-a]pyridine-3-carbonitrile | <b>Catalogue Number:</b> | C3D-263449                                |
| <b>Synonyms:</b>          | N/A                                                                                                                                                           | <b>Lot Number:</b>       | 1015-SA-7385                              |
| <b>CAS Number:</b>        | N/A                                                                                                                                                           | <b>Expiry Date:</b>      | Oct 14, 29                                |
| <b>Molecular Formula:</b> | C <sub>32</sub> H <sub>28</sub> N <sub>8</sub> O <sub>2</sub>                                                                                                 | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 520.59                                                                                                                                                        |                          |                                           |

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.109%   |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
