## Reference Material & Standard

|                    |                                                                 |                     |                                                                                      |
|--------------------|-----------------------------------------------------------------|---------------------|--------------------------------------------------------------------------------------|
| Product Name:      | Fmoc-β-Ala-Arg(Pbf)-OH                                          | Catalogue Number:   | C3D-2840                                                                             |
| Synonyms:          | N/A                                                             | Lot Number:         | 0913-RH-0034                                                                         |
| CAS Number:        | N/A                                                             | Expiry Date:        | Sep 15, 2030                                                                         |
| Molecular Formula: | C <sub>37</sub> H <sub>45</sub> N <sub>5</sub> O <sub>8</sub> S | Storage:            | 2°C ~ 8°C Protected from light and Sealed                                            |
| Molecular Weight:  | 719.85                                                          | Shipping Condition: | Shipping at Room Temperature                                                         |
| Solubility:        | Acetonitrile                                                    | Warning:            |  |

Chemical Structure:

| Test Items     | Method            | Results     |
|----------------|-------------------|-------------|
| Appearance     | Visual inspection | White Solid |
| Identification | LCMS&HNMR         | Confirmed   |
| Purity         | HPLC              | 98.4%       |
| Assay          | qNMR              | 95.6%       |
