

# Certificate of Analysis

## Reference Material & Standard

|                    |                                              |                   |                                           |
|--------------------|----------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | 2-(1H-Imidazol-1-yl)acetonitrile             | Catalogue Number: | C3D-5788                                  |
| Synonyms:          | N/A                                          | Lot Number:       | 0223-SA-7571                              |
| CAS Number:        | 98873-55-3                                   | Expiry Date:      | Feb 22, 30                                |
| Molecular Formula: | C <sub>5</sub> H <sub>5</sub> N <sub>3</sub> | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 107.11                                       |                   |                                           |

Chemical Structure:

| Test Items      | Method            | Results           |
|-----------------|-------------------|-------------------|
| Appearance      | Visual inspection | Light Brown Solid |
| Identification: | LC&HNMR           | Confirmed         |
| Purity:         | HPLC              | 97.788%           |

## Directions:

1. *Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
2. *Minimum sample size: 1mg is recommended as the minimum sample size.*
3. *Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
4. *Instructions for handling and correct use: Handling in a well-ventilated place.*
