

# Certificate of Analysis

## Reference Material & Standard

|                    |                                                                 |                     |                                                                                      |
|--------------------|-----------------------------------------------------------------|---------------------|--------------------------------------------------------------------------------------|
| Product Name:      | Sildenafil Impurity 16                                          | Catalogue Number:   | C4X-112816                                                                           |
| Synonyms:          | N/A                                                             | Lot Number:         | 0603-RH-0083                                                                         |
| CAS Number:        | 1971915-89-5                                                    | Expiry Date:        | Jun 07, 2030                                                                         |
| Molecular Formula: | C <sub>19</sub> H <sub>24</sub> N <sub>4</sub> O <sub>5</sub> S | Storage:            | -20°C±5°C Protected from light and Sealed                                            |
| Molecular Weight:  | 420.48                                                          | Shipping Condition: | Shipping with Ice Packs                                                              |
| Solubility:        | Acetonitrile                                                    | Warning:            |  |

Chemical Structure:

| Test Items     | Method            | Results     |
|----------------|-------------------|-------------|
| Appearance     | Visual inspection | White Solid |
| Identification | LCMS&HNMR         | Confirmed   |
| Purity         | HPLC              | 99.553%     |
| Loss on Drying | TGA               | 0.0619%     |
| Assay          |                   | 99.5%       |

## Comment:

The calculation of the mass balance method follows the formula (calculated on the non-dried basis):

Assay (%) = (100% - Loss on Drying) \* Purity HPLC (%) / 100%

Loss on Drying is considered as absolute effect, HPLC purity is considered as relative effect.
