## Reference Material & Standard

|                    |                                                                |                   |                                           |
|--------------------|----------------------------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | Olaparib Impurity 149                                          | Catalogue Number: | C4X-1135149                               |
| Synonyms:          | N/A                                                            | Lot Number:       | 0610-RG-0041                              |
| CAS Number:        | N/A                                                            | Expiry Date:      | Jun 12, 2028                              |
| Molecular Formula: | C <sub>20</sub> H <sub>20</sub> FN <sub>3</sub> O <sub>2</sub> | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 353.39                                                         |                   |                                           |

Chemical Structure:

| Test Items     | Method               | Results     |
|----------------|----------------------|-------------|
| Appearance     | Visual inspection    | White Solid |
| Identification | GCMS&IR&UV&CNMR&HNMR | Confirmed   |
| Purity         | HPLC                 | 98.002%     |
| Loss On Drying | TGA                  | 0.3594%     |
| Assay          |                      | 97.6%       |

## Comment:

The calculation of the mass balance method follows the formula (calculated on the non-dried basis):

Assay (%) = (100% - Loss On Drying) \* Purity HPLC (%) / 100%

Loss On Drying is considered as absolute effect, HPLC purity is considered as relative effect.
