## Reference Material & Standard

|                    |                                                                 |                     |                                                                                      |
|--------------------|-----------------------------------------------------------------|---------------------|--------------------------------------------------------------------------------------|
| Product Name:      | Lenvatinib Impurity 7                                           | Catalogue Number:   | C4X-11407                                                                            |
| Synonyms:          | N/A                                                             | Lot Number:         | 0610-RH-0018                                                                         |
| CAS Number:        | 2250242-56-7                                                    | Expiry Date:        | Jun 14, 2030                                                                         |
| Molecular Formula: | C <sub>23</sub> H <sub>19</sub> ClN <sub>4</sub> O <sub>4</sub> | Storage:            | 2°C ~ 8°C Protected from light and Sealed                                            |
| Molecular Weight:  | 450.87                                                          | Shipping Condition: | Shipping at Room Temperature                                                         |
| Solubility:        | DMSO                                                            | Warning:            |  |

## Chemical Structure:

| Test Items     | Method            | Results           |
|----------------|-------------------|-------------------|
| Appearance     | Visual inspection | Light Brown Solid |
| Identification | LCMS&HNMR         | Confirmed         |
| Purity         | HPLC              | 96.626%           |
| Loss on Drying | TGA               | 0.9776%           |
| Assay          |                   | 95.7%             |

## Comment:

The calculation of the mass balance method follows the formula (calculated on the non-dried basis):

Assay (%) = (100% - Loss on Drying) \* Purity HPLC (%) / 100%

Loss on Drying is considered as absolute effect, HPLC purity is considered as relative effect.
