

# Certificate of Analysis

## Reference Material & Standard

|                           |                                                                                                  |                          |                                           |
|---------------------------|--------------------------------------------------------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | Ziprasidone EP Impurity D HCl                                                                    | <b>Catalogue Number:</b> | C4X-124042                                |
| <b>Synonyms:</b>          | N/A                                                                                              | <b>Lot Number:</b>       | 0413-SA-7544                              |
| <b>CAS Number:</b>        | 1303996-68-0(free base)                                                                          | <b>Expiry Date:</b>      | Apr 12, 27                                |
| <b>Molecular Formula:</b> | C <sub>42</sub> H <sub>40</sub> Cl <sub>2</sub> N <sub>8</sub> O <sub>3</sub> S <sub>2</sub> HCl | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 839.85 36.46                                                                                     |                          |                                           |

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 96.945%   |

## Directions:

1. *Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
2. *Minimum sample size: 1mg is recommended as the minimum sample size.*
3. *Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
4. *Instructions for handling and correct use: Handling in a well-ventilated place.*
