

# Certificate of Analysis

## Reference Material & Standard

|                    |                                    |                   |                                           |
|--------------------|------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | Atazanavir Impurity 16             | Catalogue Number: | C4X-154816                                |
| Synonyms:          | N/A                                | Lot Number:       | 0416-SA-7090                              |
| CAS Number:        | N/A                                | Expiry Date:      | Apr 15, 29                                |
| Molecular Formula: | $C_{37}H_{50}N_6O_7 \cdot H_2O_4S$ | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 690.83 98.08                       |                   |                                           |

## Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.552%   |

## Directions:

1. *Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
2. *Minimum sample size: 1mg is recommended as the minimum sample size.*
3. *Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
4. *Instructions for handling and correct use: Handling in a well-ventilated place.*
