

# Certificate of Analysis

## Reference Material & Standard

|                    |                                                               |                   |                                           |
|--------------------|---------------------------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | 3'-Hydroxy Lidocaine                                          | Catalogue Number: | C4X-167951                                |
| Synonyms:          | N/A                                                           | Lot Number:       | 0906-SA-7600                              |
| CAS Number:        | 34604-55-2                                                    | Expiry Date:      | Sep 05, 28                                |
| Molecular Formula: | C <sub>14</sub> H <sub>22</sub> N <sub>2</sub> O <sub>2</sub> | Storage:          | -20°C±5°C Protected from light and Sealed |
| Molecular Weight:  | 250.34                                                        |                   |                                           |

Chemical Structure:

| Test Items      | Method            | Results              |
|-----------------|-------------------|----------------------|
| Appearance      | Visual inspection | Beige to Brown Solid |
| Identification: | LC&HNMR           | Confirmed            |
| Purity:         | HPLC              | 97.353%              |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
