## Reference Material & Standard

|                           |                                                                                                                                 |                          |                                           |
|---------------------------|---------------------------------------------------------------------------------------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | Peramivir Impurity 47                                                                                                           | <b>Catalogue Number:</b> | C4X-183347                                |
| <b>Synonyms:</b>          | (3aS,4S,6R,6aR)-6-((tert-butoxycarbonyl)amino)-3-(pentan-3-yl)-3a,5,6,6a-tetrahydro-4H-cyclopenta[d]isoxazole-4-carboxylic acid | <b>Lot Number:</b>       | 0226-SA-7418                              |
| <b>CAS Number:</b>        | N/A                                                                                                                             | <b>Expiry Date:</b>      | Feb 25, 29                                |
| <b>Molecular Formula:</b> | C <sub>27</sub> H <sub>38</sub> N <sub>2</sub> O <sub>5</sub>                                                                   | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 340.41                                                                                                                          |                          |                                           |

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | ® Solid   |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.008%   |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
