

# Certificate of Analysis

## Reference Material & Standard

|                           |                                              |                          |                                           |
|---------------------------|----------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | Liraglutide (13-21) TFA Salt                 | <b>Catalogue Number:</b> | C4X-19928                                 |
| <b>Synonyms:</b>          | N/A                                          | <b>Lot Number:</b>       | 1201-SA-7266                              |
| <b>CAS Number:</b>        | N/A                                          | <b>Expiry Date:</b>      | Nov 30, 27                                |
| <b>Molecular Formula:</b> | $C_{65}H_{106}N_{12}O_{20} \cdot C_2HF_3O_2$ | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 1375.61 114.02                               |                          |                                           |

## Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 97.903%   |

## Directions:

1. *Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
2. *Minimum sample size: 1mg is recommended as the minimum sample size.*
3. *Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
4. *Instructions for handling and correct use: Handling in a well-ventilated place.*
