## Reference Material & Standard

|                           |                                                                                |                          |                                           |
|---------------------------|--------------------------------------------------------------------------------|--------------------------|-------------------------------------------|
| <b>Product Name:</b>      | Pyridostigmine-d3 Bromide                                                      | <b>Catalogue Number:</b> | C4X-204215                                |
| <b>Synonyms:</b>          | N/A                                                                            | <b>Lot Number:</b>       | 0111-SA-7613                              |
| <b>CAS Number:</b>        | 1633751-00-4                                                                   | <b>Expiry Date:</b>      | Jan 10, 28                                |
| <b>Molecular Formula:</b> | C <sub>9</sub> H <sub>10</sub> D <sub>3</sub> N <sub>2</sub> O <sub>2</sub> Br | <b>Storage:</b>          | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 184.23 79.90                                                                   |                          |                                           |

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 97.419%   |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
