## Reference Material & Standard

|                    |                                                               |                   |                                           |
|--------------------|---------------------------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | Vincristine EP Impurity H                                     | Catalogue Number: | C4X-208913                                |
| Synonyms:          | N/A                                                           | Lot Number:       | 0725-RE-0091                              |
| CAS Number:        | 865-21-4                                                      | Expiry Date:      | Jun 06, 2026                              |
| Molecular Formula: | C <sub>46</sub> H <sub>58</sub> N <sub>4</sub> O <sub>9</sub> | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 810.97                                                        |                   |                                           |

Warning:

Chemical Structure:

| Test Items     | Method            | Results     |
|----------------|-------------------|-------------|
| Appearance     | Visual inspection | White Solid |
| Identification | LCMS&HNMR         | Confirmed   |
| Purity         | HPLC              | 98.530%     |
| Loss on Drying | TGA               | 0.1913%     |
| Assay          |                   | 98.3%       |

## Comment:

The calculation of the mass balance method follows the formula (calculated on the non-dried basis):

Assay (%) = (100% - Loss on Drying) \* Purity HPLC (%) / 100%

Loss on Drying is considered as absolute effect, HPLC purity is considered as relative effect.
