## Reference Material & Standard

|                    |                                                               |                   |                                                                                     |
|--------------------|---------------------------------------------------------------|-------------------|-------------------------------------------------------------------------------------|
| Product Name:      | Baloxavir Impurity 35                                         | Catalogue Number: | C4X-210835                                                                          |
| Synonyms:          | N/A                                                           | Lot Number:       | 0514-RF-0024                                                                        |
| CAS Number:        | N/A                                                           | Expiry Date:      | May 16, 2028                                                                        |
| Molecular Formula: | C <sub>10</sub> H <sub>11</sub> N <sub>3</sub> O <sub>4</sub> | Storage:          | -20°C±5°C Protected from light and Sealed                                           |
| Molecular Weight:  | 237.21                                                        | Warning:          |  |

Chemical Structure:

| Test Items     | Method            | Results            |
|----------------|-------------------|--------------------|
| Appearance     | Visual inspection | Light Yellow Solid |
| Identification | LCMS&HNMR         | Confirmed          |
| Purity         | HPLC              | 99.103%            |
| Loss On Drying | TGA               | 0.3775%            |
| Assay          |                   | 98.7%              |

## Comment:

The calculation of the 100% method follows the formula (calculated on the non-dried basis):

$\text{Assay (\%)} = (100\% - \text{Loss On Drying}) * \text{Purity HPLC (\%)} / 100\%$

Loss On Drying is considered as absolute effect, HPLC purity is considered as relative effect.
