## Reference Material & Standard

|                    |                      |                   |                                           |
|--------------------|----------------------|-------------------|-------------------------------------------|
| Product Name:      | Limaprost Impurity 8 | Catalogue Number: | C4X-21458                                 |
| Synonyms:          | N/A                  | Lot Number:       | 0705-SA-7812                              |
| CAS Number:        | N/A                  | Expiry Date:      | Jul 04, 28                                |
| Molecular Formula: | $C_{34}H_{56}O_8$    | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 592.82               |                   |                                           |

Chemical Structure: 

| Test Items      | Method            | Results              |
|-----------------|-------------------|----------------------|
| Appearance      | Visual inspection | Solid                |
| Identification: | LC&HNMR           | Confirmed            |
| Purity:         | HPLC              | 98.039% <sup>®</sup> |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
