## Reference Material & Standard

|                           |                                                               |                            |                                           |
|---------------------------|---------------------------------------------------------------|----------------------------|-------------------------------------------|
| <b>Product Name:</b>      | N-Nitroso Pentoxyverine Impurity 13                           | <b>Catalogue Number:</b>   | C4X-227013                                |
| <b>Synonyms:</b>          | N/A                                                           | <b>Lot Number:</b>         | 0910-RH-0012                              |
| <b>CAS Number:</b>        | N/A                                                           | <b>Expiry Date:</b>        | Sep 16, 2030                              |
| <b>Molecular Formula:</b> | C <sub>18</sub> H <sub>26</sub> N <sub>2</sub> O <sub>4</sub> | <b>Storage:</b>            | 2°C ~ 8°C Protected from light and Sealed |
| <b>Molecular Weight:</b>  | 334.41                                                        | <b>Shipping Condition:</b> | Shipping at Room Temperature              |
| <b>Solubility:</b>        | Acetonitrile                                                  |                            |                                           |

Chemical Structure:

| Test Items     | Method            | Results             |
|----------------|-------------------|---------------------|
| Appearance     | Visual inspection | Light Yellow Liquid |
| Identification | LCMS&HNMR         | Confirmed           |
| Purity         | HPLC              | 96.6%               |
| Assay          | qNMR              | 96.2%               |
