

# Certificate of Analysis

## Reference Material & Standard

|                    |                                   |                   |                                           |
|--------------------|-----------------------------------|-------------------|-------------------------------------------|
| Product Name:      | 11-cis Retinal                    | Catalogue Number: | C4X-25503                                 |
| Synonyms:          | N/A                               | Lot Number:       | 0422-SA-7260                              |
| CAS Number:        | 564-87-4                          | Expiry Date:      | Apr 22, 27                                |
| Molecular Formula: | C <sub>20</sub> H <sub>28</sub> O | Storage:          | -80°C±5°C Protected from light and Sealed |
| Molecular Weight:  | 284.44                            |                   |                                           |

Chemical Structure:

| Test Items      | Method            | Results         |
|-----------------|-------------------|-----------------|
| Appearance      | Visual inspection | Yellow Solution |
| Identification: | LC&HNMR           | Confirmed       |
| Purity:         | HPLC              | 97.466%         |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
