

# Certificate of Analysis

## Reference Material & Standard

|                    |                                 |                   |                                           |
|--------------------|---------------------------------|-------------------|-------------------------------------------|
| Product Name:      | Allisartan Isoproxil Impurity 1 | Catalogue Number: | C4X-32171                                 |
| Synonyms:          | N/A                             | Lot Number:       | 0622-SA-7395                              |
| CAS Number:        | N/A                             | Expiry Date:      | Jun 21, 28                                |
| Molecular Formula: | $C_{18}H_{13}ClN_6O_2$          | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 380.79                          |                   |                                           |

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.437%   |

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
