

# Certificate of Analysis

## Reference Material & Standard

|                    |                                              |                   |                                           |
|--------------------|----------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | 2',5'-Dihydroxyacetophenone                  | Catalogue Number: | CCHM702738                                |
| Synonyms:          | N/A                                          | Lot Number:       | 0407-SA-7836                              |
| CAS Number:        | 490-78-8                                     | Expiry Date:      | Apr 06, 28                                |
| Molecular Formula: | C <sub>8</sub> H <sub>6</sub> O <sub>3</sub> | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 152.15                                       |                   |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results                                |
|-----------------|-------------------|----------------------------------------|
| Appearance      | Visual inspection | Light orange to Yellow to Green powder |
| Identification: | LC&HNMR           | Confirmed                              |
| Purity:         | HPLC              | 97.125%                                |
| Uncertainty     |                   | ±2.0%                                  |

## Comment:

The uncertainty values are the expanded uncertainty and represent an estimated standard deviation equal to the positive square root of the total variation of the uncertainty of components. A normal distribution is assumed and a coverage factor of K=2 is chosen using approximately a 95% confidence level.

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
