

# Certificate of Analysis

## Reference Material & Standard

|                    |                                                |                   |                                           |
|--------------------|------------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | 16-(tert-Butoxy)-16-oxohexadecanoic Acid       | Catalogue Number: | CCHM703865                                |
| Synonyms:          | N/A                                            | Lot Number:       | 0628-SA-7318                              |
| CAS Number:        | 843666-27-3                                    | Expiry Date:      | Jun 27, 28                                |
| Molecular Formula: | C <sub>20</sub> H <sub>38</sub> O <sub>4</sub> | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 342.51                                         |                   |                                           |

Warning:

Chemical Structure:

| Test Items      | Method            | Results                               |
|-----------------|-------------------|---------------------------------------|
| Appearance      | Visual inspection | White to off-white crystalline powder |
| Identification: | LC&HNMR           | Confirmed                             |
| Purity:         | HPLC              | 97.808%                               |
| Uncertainty     |                   | ±2.0%                                 |

## Comment:

The uncertainty values are the expanded uncertainty and represent an estimated standard deviation equal to the positive square root of the total variation of the uncertainty of components. A normal distribution is assumed and a coverage factor of K=2 is chosen using approximately a 95% confidence level.

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
