

# Certificate of Analysis

## Reference Material & Standard

|                    |                                      |                   |                                           |
|--------------------|--------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | (Z)-N,N'-(ethane-1,2-diyl)dioleamide | Catalogue Number: | CCHM704600                                |
| Synonyms:          | N/A                                  | Lot Number:       | 0203-SA-7313                              |
| CAS Number:        | 110-31-6                             | Expiry Date:      | Feb 02, 30                                |
| Molecular Formula: | $C_{38}H_{72}N_2O_2$                 | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 588.99                               |                   |                                           |

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 96.603%   |
| Uncertainty     |                   | ±2.0%     |

## Comment:

The uncertainty values are the expanded uncertainty and represent an estimated standard deviation equal to the positive square root of the total variation of the uncertainty of components. A normal distribution is assumed and a coverage factor of K=2 is chosen using approximately a 95% confidence level.

## Directions:

1. *Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
2. *Minimum sample size: 1mg is recommended as the minimum sample size.*
3. *Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
4. *Instructions for handling and correct use: Handling in a well-ventilated place.*
