

# Certificate of Analysis

## Reference Material & Standard

|                    |                                           |                   |                                           |
|--------------------|-------------------------------------------|-------------------|-------------------------------------------|
| Product Name:      | (2-Bromoethoxy)(tert-butyl)dimethylsilane | Catalogue Number: | CIM-105557                                |
| Synonyms:          | N/A                                       | Lot Number:       | 0131-SA-7242                              |
| CAS Number:        | 86864-60-0                                | Expiry Date:      | Jan 31, 28                                |
| Molecular Formula: | C <sub>8</sub> H <sub>19</sub> BrOSi      | Storage:          | 2°C ~ 8°C Protected from light and Sealed |
| Molecular Weight:  | 239.23                                    |                   |                                           |

Chemical Structure:

| Test Items      | Method            | Results   |
|-----------------|-------------------|-----------|
| Appearance      | Visual inspection | Solid     |
| Identification: | LC&HNMR           | Confirmed |
| Purity:         | HPLC              | 98.766%   |
| Uncertainty     |                   | ±2.0%     |

## Comment:

The uncertainty values are the expanded uncertainty and represent an estimated standard deviation equal to the positive square root of the total variation of the uncertainty of components. A normal distribution is assumed and a coverage factor of K=2 is chosen using approximately a 95% confidence level.

## Directions:

- 1. Intended use: This product is suitable for identification and quantification of the analyte(s), instrument calibration, method development and quality control in analytical and R&D applications. It is not intended for administration to humans or animals, and shall not be used to diagnose, treat or cure any diseases.*
- 2. Minimum sample size: 1mg is recommended as the minimum sample size.*
- 3. Metrological traceability: This product meets the requirements of ISO 17034 and is traceable to NMI through an unbroken chain of comparisons.*
- 4. Instructions for handling and correct use: Handling in a well-ventilated place.*
